

The Sunbeam

President's Column by CRAIG KRUEGER

And here it goes, another article for you to feast your eyes on. An article that will keep your attention for maybe.....a couple of minutes.....ok, five minutes at best. Think of it as a sleeping pill, surely to knock you out quickly.

As the new year began, a small group of fliers made their first flights of the year. I made it out, and to my surprise, managed to fly Denny Goodrich's Apprentice. But that's a trainer you say. Yep, a Mode II trainer. In case you didn't know, I fly Mode I. And I didn't crash it either! Despite winter weather, everyone had a good time.

At January's meeting, ideas were kicked around to break the hum drum of winter and Wayne Hauber suggested we have an indoor electric fun during our next monthly club meeting, finding a place might be a challenge though. I remembered from where I retired, 3M has a rec building with a gym. Inquired about renting it for our next meeting. Cost seemed reasonable. Council members met there to check out the facility and all agreed proceed. So.....mark your calendars. February 21! Be sure to check on more information later in the newsletter. **NOTE DATE CHANGE**-our meeting will be one week later than usual, as our normal meeting date falls on Valentines Day!! Hope to see you there.
