

The Sunbeam

President's Column by Craig Krueger

Here is the latest on the scratch build. Fiberglass parts are fitted, as well as the canopy. To the point of doing the final things before covering. And painting fiberglass parts. Doesn't sound like much to do, but it's the little things that take so long to finish.

Enjoy flying when you can.

Take Care.

JULY, 2016

On Saturday July 23rd River City Radio Control will be having it's annual North Iowa Fair fun fly.

This year will be extra special as one of our members, Dennis Johnson, has been stricken with some serious medical problems. In conjunction with the fun fly we will also be holding a benefit for him. Dennis retired last fall after many years as a body shop owner (American Auto Body). Dennis has been a huge supporter of our club. Every year he donated all the food we sold and also did much of the cooking.

The fair will be having hot air balloons this year. On Saturday there will be launches at 6 AM and 6 PM. Come early or stay late to watch this fun event.

Please see the attachments for the Dennis Johnson benefit and the Fair scheduled events for the day. Please share Dennis's benefit on your Facebook page. <https://www.facebook.com/rivercityradiocontrol/?ref=bookmarks>

Thank you and see you at the Fun Fly
