

The Sunbeam

President's Column

by Dave Sult

Not much to report this month as flying weather has been soggy! The field is open, again, so will see you at the meeting.

There have been several maiden flights already this month. Frank Annett did maiden the B29 a week ago Sunday in Radcliffe. You can see it online: http://www.rcuniverse.com/forum/m_11280760/anchors_11531795/mpage_3/key_anchor/tm.htm#11531795

Greg Lande maiden his P51 last Friday, as well as Jon Buss with his F86 electric ducted fan.

Get out and fly and don't forget that the meetings are at the field for the rest of the summer so if nothing else, it's an excuse to get out and fly during the week. See you at the field.

Executive Council Report

The Executive Council met on May 30 at Denny's home. Denny is not traveling around until the doctor says the collar bone is knitting, and besides, the field is awash right now!

Water spilled over dike defect causing flooding the field beginning Monday 27th. We should aerate soon afterward. Current growth rate requires mowing on a 4-5 day schedule. Frank Annett made sure the mowers were trailered away in good time. Thanks for the heads-up play, Frank!

We have a new website on Weebly web pages. Kent Woods has set up this site for us. Exec Council members have some edit privileges. The URL is [http://](http://centraliowaeromodelers.weebly.com/index.html)
