

# The Sunbeam

## President's Column

Mark Taylor

I am pleased to announce the completion of our "Field Maintenance Upgrade," most notably the addition of a very sound lockable container shed to the West of the shed, and a "new" John Deere mower that should tremendously lower the heartache and hassle of getting the field mowed regularly. And we now have some afternoon shade for the shed, which, at least yesterday, made things a lot more pleasant. And the Port-A-Pot has been replaced!

Thanks to all y'all who worked hard at this project: getting the permits., moving the shed, getting the container, etc...including our landlord, who has been very supportive and helpful.

Thanks to all y'all who plan to attend this and next months' training sessions on the new mower and help with mowing.

Despite our best intentions, Kent has done the lion's share of work getting this all set up, and as a club, we can't allow that disproportionate division of labor as we move forward. It ain't Right and it ain't Healthy! Please plan to attend the club meeting in two days: Tuesday, June 12th to hear more about: The Past, the Present, the Future.

We plan to sell at least two of our old mowers, and my efforts, including Ebay, have been a miserable failure, so I ask the competent salesmen among us to step forward and get 'er done! *(Go to Page 2)*

## Club Calendar

**June 12 6:30 P.M.** Monthly meeting of the Central Iowa Aeromodelers.

Like us on FaceBook!

Join the group, make a reasonable comment, upload a photo!

Most importantly, let's not lose sight of the purpose of all this effort: GET OUT THERE AND FLY!! Use the group contact list that Wayne has worked so hard at it to encourage

other pilots. I hear the biting bugs and the heat were bad while I was in Italy, but there were none out there yesterday and I hear their life cycle is 3 weeks, ending about now.

I met this nice fellow while I was over there. I think he was looking for his control-line rock so he could kill a giant or something. To be 17 feet tall would be quite an advantage in the hobby!
