

# The Sunbeam

## President's Column

Mark Taylor

It was very windy at the meeting tonight, but 6 people made it out.

Story County Planning has approved our request to allow placement of a steel storage container, dimensions approximately 20' x 9' x 6', on the west side of the shelter. The shelter is currently about 10' too close to the road, so the bin will go down in the appropriate place and the shelter will be placed on the east side of the storage bin. This will give late afternoon shade inside the shelter when the sun angle is low.

However, the Flood Plain Manager has yet to approve it. When it is approved, expect notice of a work day almost immediately for the purpose of moving the shelter east about 12'.

Later in the meeting we all filed out onto the airstrip and Kent Woods showed us the results of using Flex Seal tape to repair prop cuts. Club members are requested buy some small quantity of this product so that when we (you!) make a cut, it is repaired right away, not leaving it for someone else to repair at another time.

The Show'N'Tell was the mostly repaired fuselage of Denny's Bristol M1.C, which suffered damage after an engine-out-on-final led to a stall and crash.

New member Tom Carey flew a small quad in the wind. It could almost overcome the fast moving air!

## Club Calendar

**April 10 6:30 P.M.** Monthly meeting of the Central Iowa Aeromodelers. At the Field, but bring your jacket !!!

Like us on FaceBook!

Join the group, make a reasonable comment,  
upload a photo!
